ROAD HEAD QUILTS LUTTERWORTH

Looking Good!

Lutterworth Township's Road Superintendent Floyd Miller last week resigned his position with the municipality.

Mr. Miller thus ends a 12 year-long association with the Township of Lutterworth during which time he developed an outstanding professional and personal reputation throughout Haliburton County and beyond. Mr. Miller's resignation was dated last Friday, October 15, and gave the municipality 30 days notice.

He offered no reason for his sudden decision to resign, his letter of resignation reading:

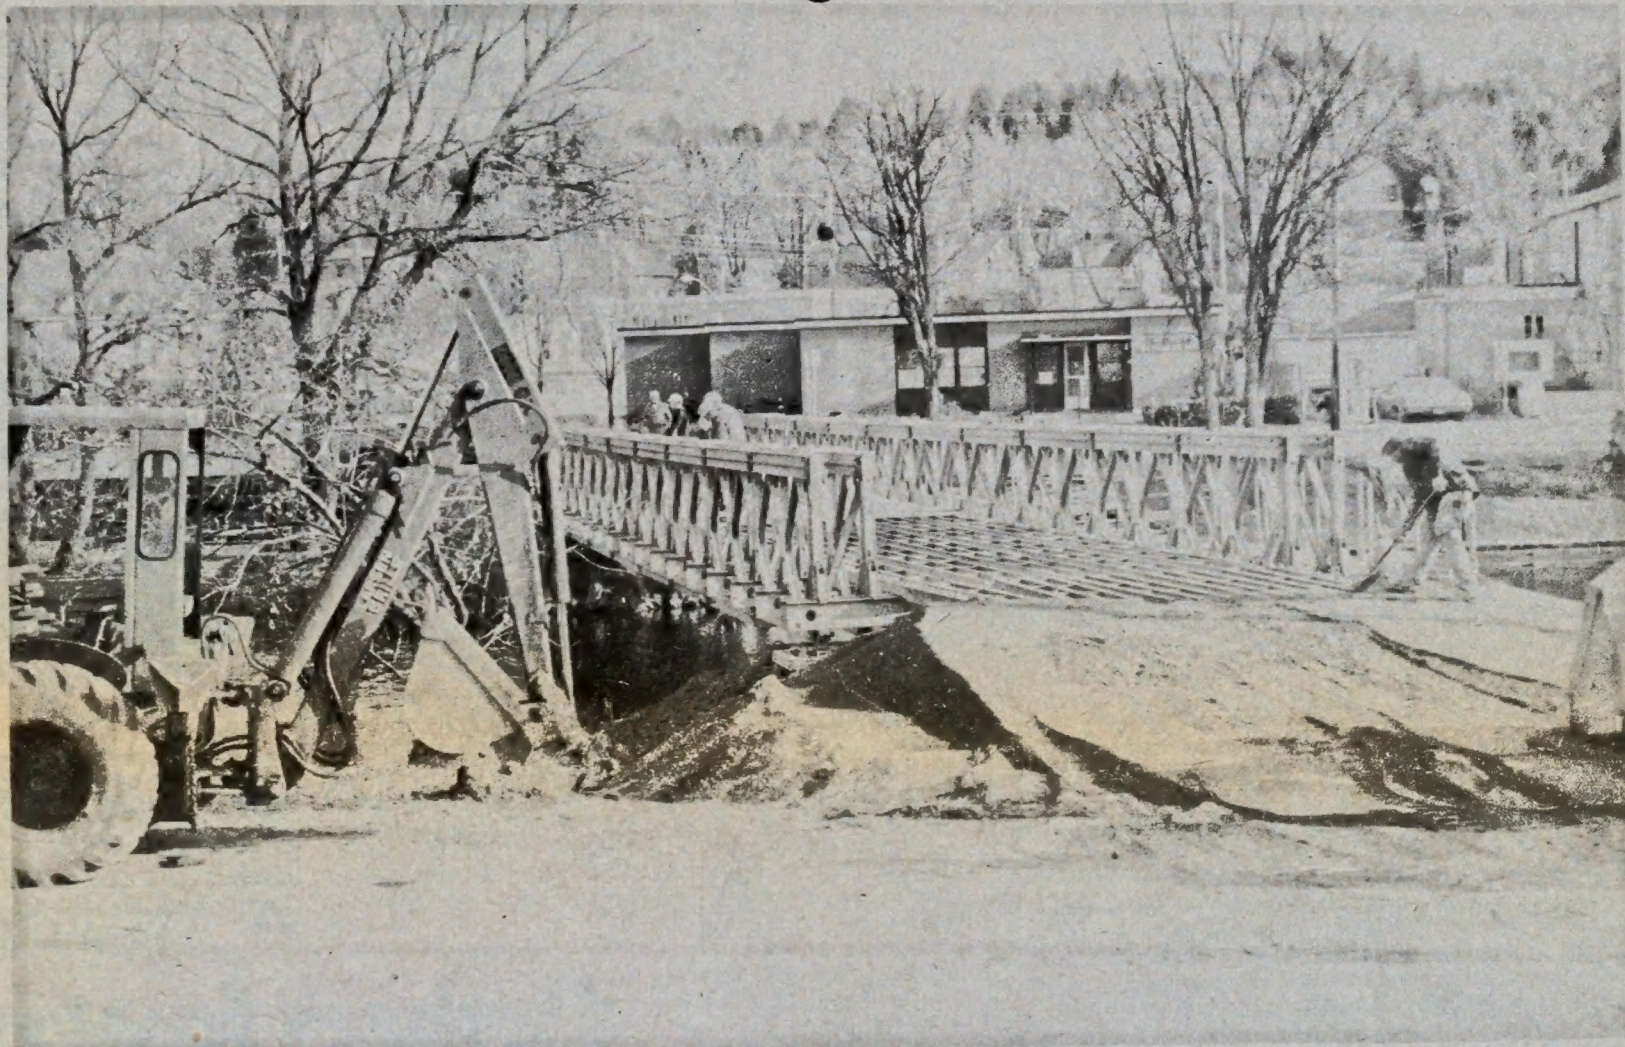

'I wish to advise you of my intention to resign my position as Road Superintendent for the Township of Lutterworth effective 30 days from this date.

I would appreciate it if you would inform the members of council accordingly.'

Mr. Miller's resignation follows a month-long period of turmoil in Lutterworth Township during which Reeve Pat Conaghan charged that his Deputy-Reeve, Lloyd Walker, had used a dummy, non-existent company to bill the township for repairs and maintenance work to its dump truck.

Last week a Ministry of Transportation and Communications auditor completed a detailed examination of the municipality's books, at the Reeve's request.

In talking to the Progress Mr. Miller said he had not resigned in order to take another position elsewhere and indicated he had made few plans, if any, for the immediate future other than to go deer hunting.

Minden's new bridge across the Gull River looked like this Monday as speedy workmen rushed to complete this temporary Bailey Bridge on which they started construction less than a week ago. The br-

idge is needed to handle traffic while repairs are made to the village's Sunnybrook Bridge now slated for a much-needed facelift after its concrete began crumbling away last Spring. Stretching diagonally

across the river from in front of the Post Office, the temporary bridge requires only completion of its decking and smoothed-out approaches to be ready for traffic. Its speedy erection has drastically

cut the projected closing of both bridges, originally thought to be for as much as a week. Sunnybrook Bridge closed Tuesday afternoon as repairs to it began, but workmen expect to have the

Bailey Bridge ready for traffic by late Thursday or early Friday of this week. Pedestrian traffic across the river will continue as usual during this period.

\$20,000

L.I.P. grant slated for Minden

A \$20,000 Local Initiatives Program (L.I.P.) grant is in the works for Minden.

This was the story going the rounds at Minden's Council table last week when Council learned that confirmation would arrive shortly of an LIP grant requested to improve and protect facilities at Rotary Park on the Gull River.

Minden sought the grant in order to prevent any further erosion of the Rotary Park shoreline and to develop a beach area at the park.

Canada Manpower to open Haliburton office

A Canada Manpower Office is to be established shortly in Haliburton Village.

The announcement was made Monday at the regular meeting of Dysart council by Reeve Murray Fearrey.

In the mill for a number of months, plans call for the office to open in the village with a staff of three by late November. Reeve Fearrey told council.

Tuesday, Canada Manpower announced that it would shortly be advertising locally for two persons, a

In addition to providing the area with a much-needed swimming facility, the beach development would end costly bussing to Church Beach on Twelve Mile Lake each summer for the Red Cross swimming training program.

counsellor-co-ordinator and a counsellor assistant.

The move to Haliburton County is an OUTREACH PROJECT sponsored by Canada Manpower, the Unemployment Insurance Commission and the Haliburton Highlands Chamber of Commerce.

A special Chamber of Commerce committee to assist and guide the project was set up last summer and consists of Chamber directors Barbara Bolin, John Hogg and Bill Foote, together with the Chamber's Secretary Manager Bob Stinson.

Goal of the project is to provide employment and labor market information, vocational counselling, including job-seeking skills, information on retraining and mobility programs offered by Canada Manpower,

information on unemployment insurance and information and job placement assistance to employers.

Tribute to culvert victim

A pictorial tribute to a former resident who lost her life last May 23 in the tragic collapse of the Hawk Lake culvert causeway will be unveiled by the Township of Stanhope this Saturday.

On Saturday, October 23 at 3:30 p.m. a painting will be dedicated to the memory of Margaret Helen Hickman, 68 of Toronto and will be placed in the Thomas A. Welch Memorial Library in Stanhope Township.

The painting is the work of Mrs. Jane Magill and is being placed in the library by the Hickman-Schramm Memorial Fund that, in the future,

will place a children's table in the same building in memory of Mrs. Hickman's grandchildren Karen and Gordon Schramm, age 7 and 9, of Peterborough who also lost their lives that fatal day last May.

On this day, too, there will be a public presentation of sketches by Gerald Staley, a noted Ontario artist, who was born near Stirling, Ont. He is noted for his sketches of houses, schools or churches of particular architectural or historic interest. There will also be a number of paintings by local persons on display.

Haliburton seeks O.P.P. office

The Ontario Provincial Police will be asked to establish a detachment office in Haliburton Village.

In a motion by Deputy-Reeve Lloyd Coneybeare and Councillor Gary McKnight Dysart council Monday decided to ask for an OPP office to be established in the village and cited in support both Glamorgan and Monmouth councils.

The motion went on to suggest that since regional municipalities will soon do their own policing, the resulting surplus of OPP personnel could be used to man a Haliburton detachment at little or no additional cost.

The official opening of PineStone Inn this weekend was a milestone in the development of our county. This new facility is not only a credit to the area but we expect it will help to boost the economy of all types of business here, since the convention business that is expected, will introduce many new people to the Highlands. Sunday was 'Media' day at PineStone and the owners went to considerable expense to bring in and entertain people from radio, T.V., newspapers and magazines. Mr. Art Ward was good enough to invite the Chamber to participate and meet some of these people who we hope can generate some publicity for us. We noted that many of these people were not familiar with Haliburton prior to this trip. The day would have to be considered a success and an indication of many great things to come as a result of these gentlemen that had the foresight to make PineStone Inn a reality.

Mr. Leo McCarthy advised us this week that the Federal Business Development Bank is preparing to run a Small Business Management Seminar for us at the PineStone Inn on November 10th. The seminar will run from 8:30 a.m. to 5:00 p.m. and lunch will be provided at \$15.00 per person. All business people in the county can certainly benefit from the expertise of this organization.

The Kawartha Tourist Association are holding their annual meeting this week at the Rock Haven Hotel in Peterborough. They called to advise us that they will be holding a Seminar and panel discussion from 2:00 to 4:00 p.m. on Thursday afternoon regarding the Ontario Government proposals for Property Tax Reform and that interested folks from our area were welcome to attend. Robert Weir, who drafted the proposals will be in attendance and the meeting should be worthwhile to anyone concerned with what this tax reform is going to do to business costs. A Smorgasbord Dinner is going to be served following the meeting at a total cost of \$8.00 each.

The Ministry of Industry and Tourism are presently compiling information for the Henry Davis Travel Industry Trade Show to be held in Toronto on November 1st. All accommodation operators who have winter facilities and are willing to work through Travel Agents at a 10% commission are urged to contact the ministry immediately. Write to Travel Trade Section, Ministry of Industry and Tourism, Hearst Block, 900 Bay Street, Toronto, M7A 2E5 and advise them of how much accommodation you have available, what facilities you have or have access to and your rates, including week-end packages, etc.

The new board of directors of the chamber met for the first meeting last week and asked that President Dennis Waymouth and Vice-president Dennis Casey retain their offices for a second year. They agreed to do so, and this, of course, means that Bill Foote is now in his second year as Past President, forming the balance of the Management Committee. This committee will be meeting next week to set up the working committees of the rest of the board.

The Chamber of Commerce applied early last summer to have a Canada Manpower Office opened in Haliburton and we have just been advised that our application has been accepted and the office will be open as soon as a suitable location can be obtained and the staff of two hired. This office will not only be used to help locate jobs for people in need of work but will also be active in setting up retraining programs that fit the needs of the community. We feel it's a giant step in the right direction.

We have one more location for the new phone books, Emmerson Lumber in Haliburton now has them on sale. Don't forget your tickets for the Elimination Draw-Dance, there are only 150 available and all directors have them on hand.

Booth named to ACRO committee

Anson, Hindon and Minden Reeve Reg Booth has been named to a special committee of the Associations of Counties and Regions of Ontario (ACRO) set up to study the re-

structuring of counties in Ontario.

The newly-formed committee is expected to meet this weekend when ACRO convenes in London, Ont.

Predict big, bad winter

The 1976-1977 winter will be a big, bad one, with plenty of cold and snow. And by way of contrast, the summer of 1977 will be scorchingly hot.

So says the Farmers' Almanac. The Farmers' Almanac is in its 160th consecutive year of publication and has been producing a special CANA-

DIAN edition with a Canadian weather section for Victoria and Grey Trust Company since 1968.

Eighty-five thousand complimentary copies of the 1977 Edition are available to anyone interested in dropping into any one of the many Victoria and Grey offices.

Ambulance Supervisor completes course

Dave Magee, Supervisor of the Minden Ambulance Service has successfully completed an intensive advanced course in training casualty care, held during the past month at Canadian Forces Base Borden.

This course, is put on by the Ontario Ministry of Health to further educate and improve the province's ambulance personnel.

It includes intensive study of the human body, something similar to a registered nurses' course, which, in itself, is an advanced first aid course.

Lecturers included representatives from the Ministry of Health, Ontario Provincial Police and the legal and medical professions.

An example of the calibre of the course was a lecture by Miss C. Olchowski, the person responsible for the writing of the Ontario Ambulance Act, who discussed the legal aspects of the ambulance business.

Dave received his certificate in Advanced First Aid, successfully passed a defensive driving course and scored an impressive 100% in the radio technique test enabling him to receive his radio operators license.

Expert personnel, such as Dave, are a vital part of the Ontario medical scene and we are proud to have such a capable, qualified man heading our ambulance service, commented Minden councillor and volunteer ambulance worker Helen Johnson

The Reeve's Corner

by Reg Booth
Reeve, Anson, Hindon & Minden

The calls I am getting still center around the bridge in Minden and what is being done about it. We are glad to answer all calls and to share any information with all of you that we are able to get. It appears today, Monday, October 18th that we will have the vehicle lanes of Sunnybrook Bridge closed for a couple of days. No one can deny that the crew working to install the bailey bridge are deserving of a great deal of credit for the speed with which this installation is being made.

The bridge will be closed from mid-afternoon on Tuesday until some time on Friday, so this is expected to be a maximum of three days. The sidewalk sections will be kept open for those who wish to walk across, so this will not present a great problem for the local pedestrians.

The bailey bridge is one lane, so please use all possible care in approaching or leaving the bridge. With effort and due care, we trust that no accident will occur during the period of time necessary to use the bailey bridge.

On behalf of the municipality we wish to thank everyone for the efforts which I know will be made by all to keep safety in mind during the next two months.

Antiques

It was a very special day for car buffs last Sunday as more than 75 antique car owners huffed and puffed their pampered beauties about the shores of

Lake Kashagawigamog. Hailing from Ontario, all are members of the Antique Car Club of America and were on their 7th annual weekend junket

to Haliburton County, Wig-A-Mog Inn and a brief stopover at nearby Pine Stone where these photographs were taken.

Seek ministries' help in Horseshoe Lake silting problem

Ontario Ministries of Environment, Natural Resources and Transportation will be asked to send representatives to the next meeting of Minden council and advise it on a Horseshoe Lake silting problem and its possible

solution. Council's move last Wednesday followed a complaint by Horseshoe Lake cottager Orville Eagle who claimed in a letter to council that insufficient flow of water through two culverts in a causeway on the lake was causing his own beach area to silt up. The causeway, linking Shuylers Island to the mainland, carries a township road serving the island. Two culverts in the causeway permit the flow of water between the two segments of the lake bisected by it. Minden council members, who recently inspected the causeway and its culverts, said that at that time there appeared to be a sufficient flow of water through the culverts.

Built privately in the 1950's with approvals of the then Department of Lands and Forests and the Department of Highways, the causeway's culvert problems are not really Minden's responsibility, council argued Wednesday.

GOD'S COMING KINGDOM

What the Christian world is praying for in the words 'THY KINGDOM COME'. Know definitely how Christ's coming will change the world, be prepared and rejoice in confident hope. This is your Bible. For free information about this overlooked Gospel message - write 'ASK', Box 221, Weston, Ont. M9N 3M7.

MUNICIPALITY OF SNOWDON.

Applications are invited for the position of Road Superintendent's helper.

Applications will be received at the Municipal Office until 4:00 p.m.,

November 2, 1976. All envelopes should be marked "Helper".

Municipality of Snowdon,
R.R. 1, Minden, Ont. KOM 2K0

Clerk-Treasurer.

Earl Kent appointment made permanent

Long-time municipal employee Earl Kent was last week named Road Superintendent for Anson, Hindon and Minden at the regular meeting of Minden Council. Mr. Kent first joined the municipality in 1959, becoming Assistant Road

Superintendent until the retirement of then Road Superintendent Earl Hewitt last March. Mr. Kent has been Probationary Road Superintendent since then until last week when council made his appointment official.

Scholarship fund to hold awards night

On Saturday, October 23, the Haliburton Highlands Scholarship Fund will hold its annual Honours and Awards Night in the school auditorium at 8:00 p.m. At this time, an ever-increasing array of prizes, scholarships and bursaries will be presented to students and graduates of the Haliburton Highlands Secondary School.

Prior to the presentation of awards, the teaching staff of H.H.S.S. will entertain the 1976 Honour Students and award winners and the donors of the awards, at the Honour Banquet, being held in the school cafeteria. During the presentation of awards, the Fund Chairman, Mr. Robertson Herlihey, will announce the addition of several new awards to the Scholarship Program. The H.H.S.S. Glee Club, under the direction of Mr. Wm. Gliddon, will present a short program of entertainment. Everyone is cordially invited to attend this event at which the outstanding students of our community will be honoured.

Lunch Break

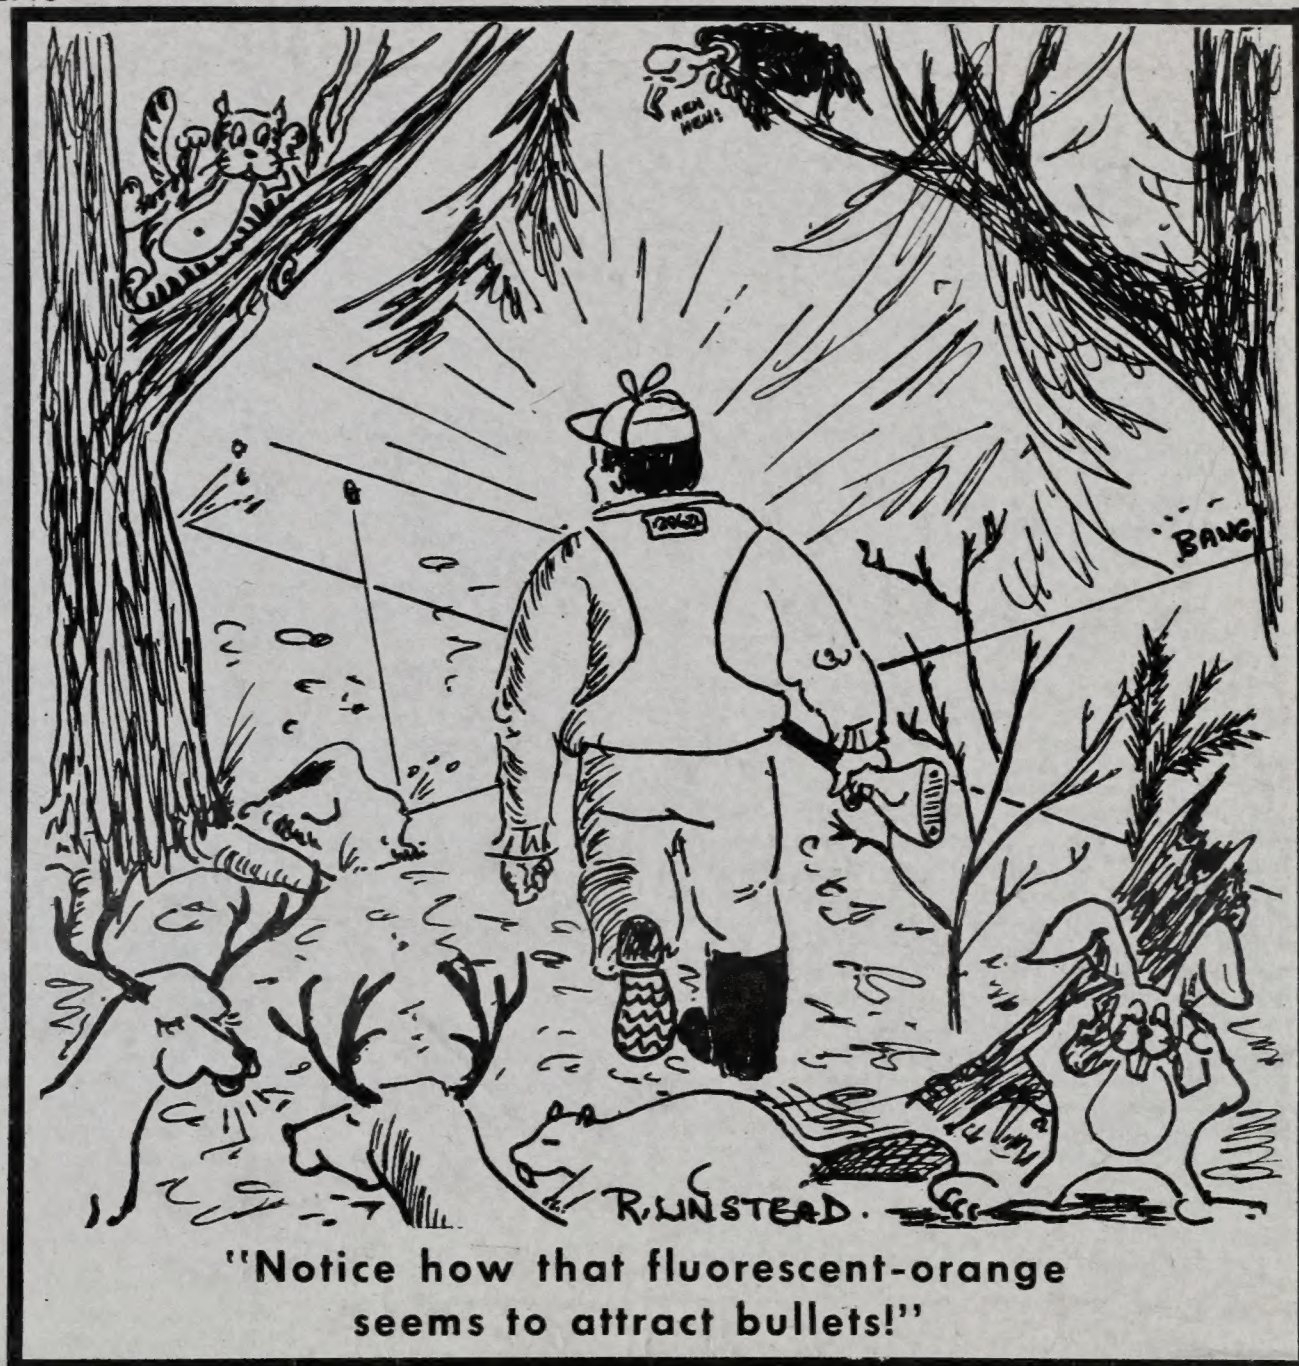

Last Thursday was the day we've been hearing about for months now.

And as Canadians watched and listened right across the country many got the feeling that the build-up to the day was greater than the day itself.

In some instances there was violence; in others the violation of collective agreements or court rulings as a percentage of workers sought to indicate their disapproval of the way wage and price controls have been administered this past year.

But it remained for Haliburton County workers to show them all the way.

Here in Minden members of C.U.P.E. (the Canadian Union of Public Employees) were determined to demonstrate their disapproval and accordingly picketted in front of the Post Office...during their lunch hour.

Alternative

Prime Minister Trudeau and the federal government have now had two distinct warnings that all is not well amongst the electorate.

The first was the recent Gallup Poll in which they plummeted to an all-time popularity low.

The second was the two by-elections this week in which a sharp and distinct screech of anguish was heard right across the country.

In both Ottawa-Carleton, a hitherto 'safe' riding, and St. John's West, Newfoundland, voters let their disapproval of the government and its policies be known surely and unequivocally as they sent Liberals plummeting to defeat.

Let no one misunderstand; in both instances it was a protest vote that undid the Liberals.

And this same reaction will be repeated one way or another right across the country again and again unless the present government drastically revises its policies, its very thinking and philosophies.

Certainly Mr. Trudeau knows the alternative.

Report from Queen's Park

by John Eakins, M.P.P.

On October 6th, Ontario's Education Minister announced changes in the Province's education system. The Liberal Party had for some time made no secret of the fact that we intended to unveil our education policy at a fund-raising dinner to be held on that date, and the Minister was certainly aware of our intentions. From statements made by our Party's representatives in recent months, as well as during - and prior to - the last election campaign, he must also have had a clear idea of what our 'New Directions for Education' would be. Obviously, then, neither the timing of his announcement, nor the direction of his changes can be looked upon as coincidental.

Calling a hasty press conference, the Minister outlined the changes or 'refinements' which had been decided upon - mainly that more solid 'core' subjects, such as English, Mathematics, Canadian history or geography will be required subjects for students entering Grades IX and X at the beginning of the 1977/78 school year. While we welcome the Government's refinements, we regret that there is still no guarantee that firm guidelines will be established to ensure that students throughout Ontario will be given comparable instruction, and assessed on similar achievement valuation standards.

Ontario's educational system is financially supported by the taxpayers in the belief that a literate, skilled and articulate population is vital for the well-being of this Province. Our schools have a vital role to play in helping and encouraging our young people to become productive members of society, informed citizens, able to meet the challenge of today's competitive world. Under the existing educational system in this Province, as Liberal Leader Stuart Smith has pointed out, 'pupils are placed in an environment where the degree of free choice is excessive for their level of maturity and inconsistent with the real world, creating unrealistic expectations.'

We believe that standards must have a place in our educational system, at every level, as they do in the public service and private enterprise, where individuals are evaluated against specific performance criteria. Province-wide educational standards would provide a yardstick against which pupils, parents, teachers and administrators could measure accomplishment.

Our Party has long advocated a required core curriculum, and our recommendation is that at least one-half of the instructional time (and most prescribed homework) in the Primary and Junior Divisions of our schools should encompass English reading comprehension (Francais in francophone schools); formal communication skills such as precision in spelling, grammar, punctuation and spoken language; second language and culture (as trained teachers become available); arithmetic computation, measurement and associated problem solving; basic Canadian studies; fitness and health education.

Students who have progressed to the Intermediate Division

(Grades 7 to 10) should have obtained a basic grounding in language and arithmetic. Therefore, the core curriculum could be extended, with the basic skills serving as a foundation. The core in this division should be composed of five major areas: Reading and Composition; Mathematics; Science; Social Science (including Canadian studies); Second Language and Culture.

One of the fundamental shortcomings of the present educational system is the almost total lack of curriculum structure in secondary schools. The open credit method places intolerable burdens of choice on young pupils and their parents. There is widespread recognition that pupils cannot adequately choose well-balanced programs of study, that parents and teachers currently have insufficient knowledge of pupils' attainment and interests to offer meaningful guidance.

We have, in 'New Directions for Education', recommended the establishment of a fourth or Senior Division, to begin at Grade XI. Pupils at this level should have already attained a significant common background in basic knowledge, and a wide exposure to numerous subjects. Therefore, this Division would appear to be the appropriate environment in which to introduce a basically optional or elective program of study.

In our view, province-wide examinations, based on minimum standards of attainment in core courses, would provide a necessary degree of accountability. These examinations would be taken by pupils at the end of the final year of each Division (after teachers have submitted final grades for that year). In this way, the examinations would be diagnostic - not counted in course grades - and would provide province-wide evidence which would permit pupils and parents to gain an improved perspective of development of scholastic abilities, and more realistic expectations about the future. The examinations would also enable teachers to evaluate teaching methods and grading criteria and administrators to determine strengths and weaknesses in the schools under their jurisdiction.

Such examinations would also be useful in determining eligibility for entry to colleges and universities. At present, a major difficulty facing admissions officers in institutions of higher learning is the great disparity in grading practices and course content in the Province's secondary schools. Commenting on our education policy, a recent 'Toronto Star' editorial maintained that 'the return of province-wide examinations at the end of high school is emphatically necessary to correct the loss of recognizable standards in high schools. There is so much variation now that university admission offices don't know whether a student's high school graduation standing means anything in terms of his readiness to tackle college work. This also accounts in part for the fact that students who can't read or write properly are showing up in universities.'

See you next week

William Scott M.P.

OTTAWA
and Small
Business

More power for the people

By KENNETH McDONALD

Canada is in political turmoil. There's a lack of public confidence in political institutions and political leaders. Citizens feel isolated from the political process as governments implement legislation which is often contrary to public opinion.

Both here and in the U.S., there is profound distrust of central governments. Too much power has passed from elected representatives to non-elected officials. Too often local Members of Parliament are nothing more than ombudsmen!

How are we going to strengthen the role of MPs and increase public confidence in the political system? The Canadian Federation of Independent Business sees the following two measures as being potentially influential.

The first, already passed into law, will take election financing out of the hands of central party organizations and their sources in big business and big unions.

By permitting 75 per cent of the first \$100 contributed to a federal political party to be deducted from income tax, and reducing the relief on larger contributions up to a maximum deduction of \$500, the new rules put the money power into the hands of the individual riding associations. Democracy

Mandate. I do however, want to extend my sincere thanks to all of those who do take part in this program as it is always beneficial to hear from constituents and consider their views on various matters. As a small businessman myself, I am well aware of the pressures and problems facing each of you. I pledge myself in the coming session

gains by a shift of power from big centralized institutions to individuals and local communities.

If an MP ignores the wishes of his or her constituents, it could be relatively easy for a group of angry citizens to take over a riding association and finance its own candidate.

The second measure, awaiting formal legislation, deals with freedom of public access to information on which the federal government bases its decisions. Withholding that information is the chief source of bureaucratic power. How can the Official Opposition, or members of parliamentary committees, offer constructive criticism when deprived of the relevant facts?

For example, Mirabel, the \$1.5 billion airport which airlines and passengers are trying to avoid, probably would never have been built if the fanciful traffic projections used to justify it had been made public.

Changing election financing was a commendable step toward electoral reform. Freedom of information is essential to reforming Parliament itself. Both represent a potential shift of power from Big Government, Big Business, Big Labour and Big Cities to individuals, small business and local communities.

of this parliament to continue to act in what I consider to be not only your best interests but the best interests of all Canadians. Rest assured that I am always happy to hear from you and if there is any way that I can ever be of assistance, please do not hesitate to let me know. Wishing you all the best.

Cont'd Page 11

The recent resignation of Defence Minister James Richardson from the cabinet should serve as a warning to Canadians that all is not well with their government in Ottawa, or with their country.

Mr. Richardson cannot be considered as just another disenchanted Liberal, nor could he be put down as just another minister who couldn't stand the pressure of his office. His departure from the federal cabinet goes much deeper.

The real clue to the defence minister's resignation is contained in the first paragraph in Richardson's letter of resignation. He says, 'It is time for someone to speak openly and frankly to Canadians about the danger to Canada of entrenching language rights in the Constitution under a Quebec veto.'

Prime Minister Trudeau favours a plan for amending the Constitution that will include entrenchment of French in the Constitution on a level with English, with Quebec being given the right to veto any proposed amendment that might infringe on Quebec's language or cultural rights.

Richardson points out, and with good reason, that it would be a serious mistake to entrench French language rights in the Constitution before it can be determined whether or not bilingualism will work out. Indications are that bilingualism has already been proved to be unworkable, and this could be the main reason why Trudeau and Bourassa are so anxious to have French language rights inserted into the Constitution, where they will remain for all time.

If the Prime Minister has his way, the Canadian Constitution will be so inflexible that future Canadian governments will be forever faced with a one-province veto of any amendment to our Constitution. It could end up as an instrument of blackmail, forcing a federal government to amend the Constitution only in ways that would suit a

particular province.

Ontario would also be given the right of veto in the Trudeau plan, and I believe that this would also be a serious mistake, mainly because it is important not only to avoid giving one province such a dominant position over the other provinces, but to avoid even the impression that any province has that power.

When this formula was approved at the Victoria Conference in 1971 it was thought that the federal government's bilingualism program had a fair chance of succeeding. However, the past five years have proven that the program isn't working anywhere in Canada, not even in Quebec, the province for which it was designed. Quebec has legislated French as the sole official language in that province.

Prime Minister Trudeau's preoccupation with bringing home our Constitution is based on two main principles, both of them self-serving, and therefore dangerous. One is to lock bilingualism into the Constitution for all time, while at the same time allowing Quebec to retain French as the sole language for its own province and to veto any proposed changes in the Constitution relating to language or cultural matters.

The other is to divert attention from the serious economical social and political problems in our country. Mr. Trudeau blames all our problems on the lack of acceptance in English Canada of bilingualism, and on the fact that our Constitution is in a vault in England. He doesn't explain why other prime ministers were able to govern under these same conditions.

Mr. Richardson's warning must be taken seriously for two reasons. Although a confirmed Liberal, he cannot any longer serve Trudeau as a cabinet minister. And, his political and personal integrity have always been above reproach. For those reasons alone he can and must be believed.

LETTERS

Ottawa,
Oct. 14, 1976.

Dear Editor,

As you are no doubt aware, a number of establishments and individuals in the Victoria-Haliburton district are members of the Canadian Federation of Independent Business.

On a regular basis they are given the opportunity to express their opinions on matters of concern, and the tabulation of this Poll is regularly sent to Mr. Scott as the Federal Member.

I think that his comments as indicated in a letter recently directed to those who had taken part in the Mandate Ballot, would be of interest, and thus I am taking the liberty of enclosing a copy. I do trust that it might be interesting to you and as always if there is any way that this office can be of help, please do not hesitate to let us know.

With all best wishes,
Russ Wunker,
Asst. to Wm.C. Scott, M.P.
Victoria-Haliburton.
Ottawa, Ontario.
Oct. 14, 1976.

Dear Member,

I would like to take this opportunity to make a few comments regarding your participation in the Canadian Federation of Independent Business. I certainly appreciate the fact that you have taken the time to express your views on various issues in recent months by voting your Mandate Ballot. As you are no doubt aware, the Federation forwards on your opinions and comments to my attention and I can assure you that each month your views are carefully considered. In speaking with the Federation office in Toronto, I have been

told that there are over 400 members in the riding of Victoria-Haliburton. In the

Vote, we received 82 responses from interested members in the riding. I have been told the National average of those members who return their Mandate is in the range of 20 - 25% and thus our area follows this pattern. I thought that it might be interesting to let you know how people in Victoria-Haliburton thought concerning the recent questions raised in your Mandate Ballot. Enclosed is a tabulation which will indicate the local responses as well as the National average.

This sampling gives some indication to me of the views of the more involved members of the Federation within our riding. I realize that many have very busy schedules and do not always have the time to vote their

Federal Government Employment

Canada's federal government had 564,449 employees (including members of the Canadian Forces) as of June 1976, an increase of 8,572 (1.5%) from a year earlier.

Gross payrolls for the second quarter of 1976 (including retroactive and overtime payments) amounted to \$2,039.0 million, up \$272.6 million (15.4%) from the corresponding period in 1975.

Consumer Price Index (CPI)
(1971=100)

The Consumer Price Index for Canada advanced 0.5% to 150.7 in September from 150.0 in August.

Higher prices for fuel oil and gasoline contributed to over 60% of this latest advance while increased shelter charges — for both owned and rented accommodation — contributed to a lesser extent. (The index for all items excluding food rose 1.0%.)

The impact of these increases was lessened by a further decline in food prices, the food index level dropping 0.7% in September. The decline largely resulted

from seasonally-lower prices for fresh vegetables as well as from price decreases for sugar and poultry. Partially offsetting these declines were higher prices for beef (still down 13% from a year earlier) and higher restaurant meal charges.

Between September 1975 and September 1976, the All-Items Consumer Price Index advanced 6.5%.

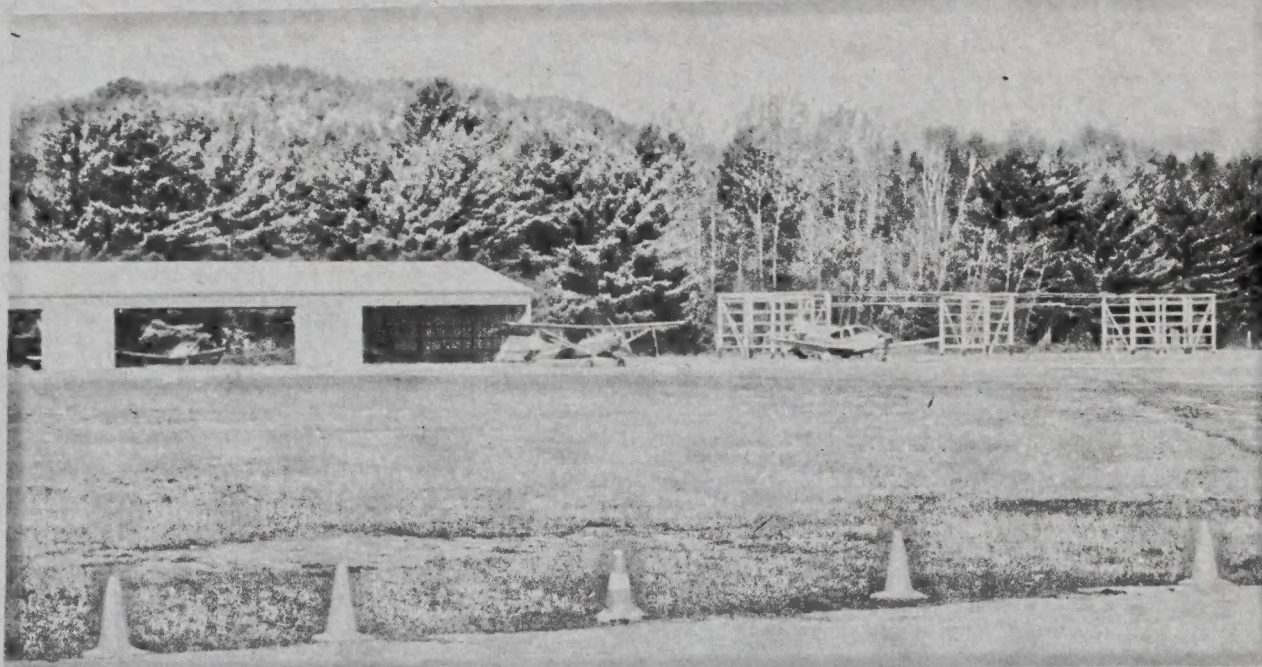

During this period, the following movements were recorded in the component indexes:

- Housing, 11.2%; transportation, 10.1%; tobacco and alcohol, 7.7%; health and personal care, 7.6%; clothing, 5.8%; recreation, education and reading, 5.6%; and food, -0.5%.

On a seasonally-adjusted basis, the all-items index rose 0.7% between August and September. The current annual rate of change in the CPI, based on the seasonally-adjusted movement since three months earlier was 4.4%, up from the 2.7% rate recorded the previous month.

New hangar for new air service

7 hurt in 5 crashes

The new hangar above, is being built at the Stanhope Airport to house the Charter Air Service of Air-Haliburton Ltd. This new enterprise is owned and operated by Jim McLean and will

feature charter flights as well as ground school and flight training for aspiring private pilots. The new hangar will feature four bays and will house the Air-Haliburton fleet of aircraft. The

final agreements between this fixed base operation and the Township of Stanhope were finalized at a Council meeting held last Wednesday. Meanwhile, all

Federal and Provincial ministries approvals have been received for the project go ahead. This now provides Haliburton County with two charter air services.

Seven persons suffered minor injuries while damages totalled some \$6,000 in five area collisions during the past week.

One driver, John Robert Packard, 27, of Haliburton was charged with failing to report an accident, operating an unsafe vehicle and careless driving after his car snapped off a telephone pole near Haliburton village last Thursday.

According to police, Packard was north-bound on Highway 519 around 1:30 a.m. when his car struck the right shoulder of the road then the pole, while rounding a curve about one mile from Haliburton.

Damage totalled \$1,000 to the car and \$100 to the pole while Packard sustained cuts. Driver Mervin I. Barry, 27 and passenger Ronald Sawyer, 28, both of R.R.1 Haliburton suffered cuts when their north-bound dump truck broke a suspension frame member and rolled onto its side while rounding a downhill curve on County Road 7 a week ago, Wednesday morning.

Damage to the truck came to an estimated \$2,500.

Investigation by Provincial Constable Weldon Popp.

A 73 year old New York State driver, Don McClelland and his wife, Helene, 70, suffered cuts and bruises a week ago last Tuesday afternoon when their west-bound car hit a soft shoulder on Highway 121 east of the Essonville line then crossed the highway and went down an embankment where it struck rocks and trees.

Damage to the car amounted to some \$900. Investigation by Provincial Constable Gary Chapman.

Driver Ella Boyd, 25 and her passenger, Cheryl Scott, 26, both of Agincourt, were taken to hospital in Haliburton with complaints of pain a week last Sunday, after their car was struck in the rear by a second car when they stopped to make a left-hand turn on Highway 648. Driver of the second car, Robert Bruce Thornton, 60, of Cannington was uninjured.

Investigation by Provincial Constable Jim Solway.

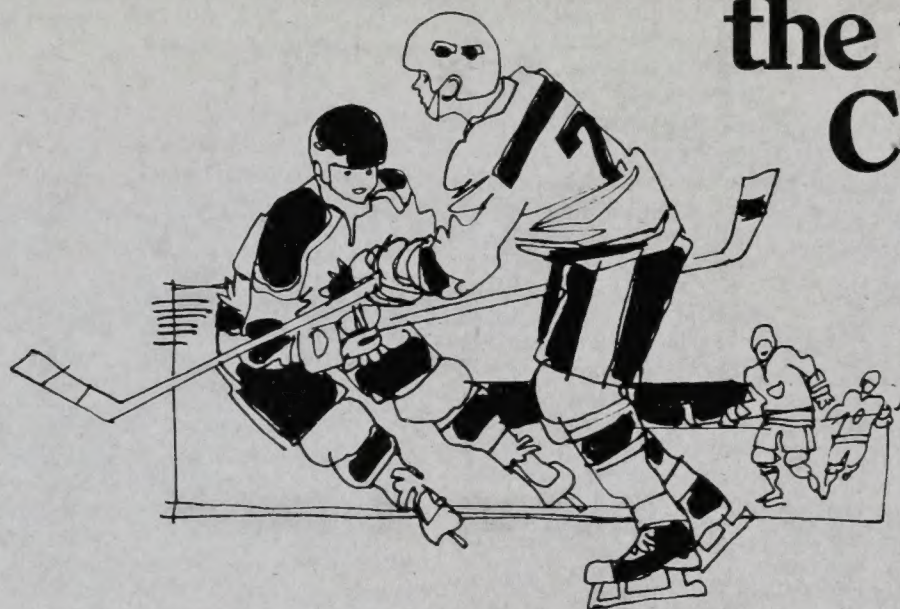

A head-on collision between two cars on a Highway 530 curve last Friday evening caused some \$1,300 damage to the vehicles but left both drivers unhurt.

They were Guenter Hans Gruener, 30, of Willowdale and Douglas G. Rudd, 49, of Willowdale.

Investigation by Provincial Constable Jim Martin.

**IT PAYS TO ADVERTISE... ADVERTISE WHERE IT PAYS...

Ontario wants to help you make the most of your Community Arena.

Community centres are the heart of the social, cultural and recreational life of many places in Ontario.

They have been built by people in the community who have contributed their money and their labour and they are one place that everyone can share equally.

Unfortunately, not all these centres were built to the same construction standards. Modern engineering studies have shown that some of them contain dangerous flaws which must be corrected immediately.

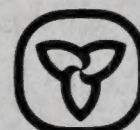

Happily, Ontario is able to help municipalities to do this with extra money from both the Community Recreation Centres Act and Wintario. In most cases, the people in the community need to raise only 25 per cent themselves.

Because we know some arenas are too old or too costly to fix up, we are also ready to work out a plan to help municipalities to build new ones.

If you would like to know how Ontario can help to fix up your community centre or build a new one, write to:

Community Centres,
Ministry of Culture and Recreation,
Queen's Park, Toronto, Ontario, M7A 2R9.

Ministry of Culture and Recreation
Robert Welch,
Minister

William Davis,
Premier

Province of Ontario

Out Of The East!

with George Grant

The weatherman didn't put forth his best effort for the 'Save The Arena Weekend'. Rain, snow and all sorts of nasty weather resulted in a small crowd on Saturday. It is too soon to estimate what we hope will be a profit. When more figures are available we will inform you. In the meantime the committee continues in their efforts to raise the \$10,000 and Save Our Arena.

The Curling Club is preparing for another curling season hopefully to start early in November. Curlers can check time and date with Keith Cameron.

Growing older can be a problem - and one which everyone has to face up to sooner or later. Where it is true that pensions provide necessary funds in most cases for elderly people to live on, still it does not prevent these same people from being lonely or in need of companionship. This was apparent to a group of people from Wilberforce who met on June 14, 1975 to discuss the possibility of forming a Senior Citizens Club here. Out of this meeting the monmouth Senior Citizens Club came into being. At a meeting on June 21 a slate of officers were elected and are as follows:

President - Jim Ross, Vice-President - Paul Mihalko, 2nd Vice-Pres. - Eric Andrews, Treasurer - Ross Ferguson, Recording Secty - Ann Andrews, Corresponding Secty - Maurine Findley.

Elections are held in July of each year at which time it is mandatory for the vice president to become president with each succeeding vice president advancing to the chair. The other officers are elected or acclaimed.

Since the very beginning the Club has never looked back - the 35 charter members have grown to now exceeding 100. It is now probably the largest and best attended Club in the area.

Meetings are held each Tues. the year around in the Lloyd Watson Memorial Centre at 1.30 pm from November till May and at 7 pm in summer months. Membership is not restricted to any area and is open to all retirees as well as to those who have reached the age of 60 or to couples one of whom is 60 or over. Visitors are always welcome. At our meetings our people enjoy sing-songs, cards, carpet bowling, dancing and a good lunch. Or perhaps just watching and visiting. Other activities are introduced from time to time and bingo, movies or slides have also been used. Suggestions are always welcome for other forms of entertainment. Pot Luck dinners are held the 2nd Tues. of each month at 6 pm.

An annual bazaar is held and is being planned now for Oct. 30. Bigger and better than last year when \$562 was raised for the club, it promises a great variety of goodies and crafts to be offered for sale at reasonable prices. Plan to attend - remember the date Oct. 30 - 1 pm in the Lloyd Watson Memorial Centre.

On August 11 the club sponsored a bus trip and tour of the 1000 Islands from Gananoque. 47 enjoyed the outing. Our next one is Nov. 11 and will take in the Ice Capades in Toronto. Maureen Findley the convenor of these trips spends many hours arranging all the details - certainly deserves a 'Thank you' from all.

So, what else is new? An area of some 5500 square feet has been set aside for a senior citizens park adjoining the Lloyd Watson Memorial Centre. It has been fenced and seeded, two shuffleboard courts have been installed. Horse-shoes, lawn darts and croquet will be added. Benches, flowers and shrubs will complete an attractive setting where members and their guests can work, play or relax in summer.

Administration of finances is divided into 2 committees - Government grants are handled by the New Horizons group of 10 people - and are responsible for the purchasing of all equipment necessary to the club operation. Funds which are raised by the club are the responsibility of the club treasurer.

Our president, Mr. Eric Andrews, extends an invitation to other areas considering the forming of a Senior Citizens Club to visit our club or to make any inquiry, we will be pleased to assist in any way possible.

Our Pledge is to assist our members and friends whenever and wherever the need arises and to make our area a little better because we have lived in it.

Till next week - Have Fun!

Lonsbury to seek council seat

Long-time Minden resident Len Lonsberry this week announced his intention to run for a council seat in Minden in the upcoming municipal election.

Len is the first aspiring candidate contesting the three council seats up for grabs in this year's election in Anson, Hindon and Minden. 'If you're a citizen of a community and love it like I do then I think you have to take part in that community', he enthused when announcing his candidacy.

Len is no stranger to the political arena, having previously been elected to the Haliburton County Board of Education on which he served as a school trustee for the past 12 years. During his terms in office, Len has served on the board's transportation and salary negotiation committees as well as presiding as chairman of the board.

Len said that he has enjoyed his association with the Board but now feels that he must serve his community on a more personal basis, something which a council position would achieve.

His contact with the public has been fostered over the years through his long association with the Brewers' Retail Ltd., having spent some 27 years in their employ. In fact, Len is the first and only manager of Minden's Brewers Retail outlet, having opened the store on April 1, 1956.

Len has long been active in community affairs. He is a Charter Member of the Kinsmen Club, a member of the Royal Canadian Legion's Quarter Century Club, a long-time baseball and hockey coach and a former player on the championship winning Minden Monarchs Intermediate 'C' hockey team.

One of Len's concerns is the number of young people who have had to move elsewhere because of the scarcity of jobs in our area.

He would also like to see some small, non-polluting industries locate in our area to provide a broader economic base and keep our younger citizens - 'our future' - at home. 'But', he cautions, 'not an industry that would pollute the beautiful countryside that we are so fortunate to live in.'

Perhaps the best example of Len's genuine concern for people is his idea of having those persons who receive welfare help others who live on fixed incomes.

'I would like to see welfare recipients making a meaningful contribution to our society. What about them

shovelling snow or cutting grass for the senior citizens who live here? To me that would indicate that these persons are willing to work and are considerate enough to help their fellow man', he said.

The municipal election will be held on Monday, Dec. 6.

Hall's Lake News

Doreen Stinson

More strange weather, but we did have a few nice sunny days this past week. The trees are still colourful and Saturday morning they even looked quite beautiful with a sprinkle of white snow on the crimson leaves.

Mr. and Mrs. John Nixon spent a day with his sister, Mrs. Jean Wheeler at her Kushog Lake home.

Mr. and Mrs. Len Rose and son Brian, spent Thanksgiving at their cottage on Kushog Lake and had a lovely dinner with Mrs. Rose's mother, Mrs. Jean Wheeler.

Sorry to learn that Mrs. Cecil Irwin had a sick spell on her trip to the east coast and was confined to hospital in Nova Scotia. We trust she will soon be able to travel home.

Mr. and Mrs. Norman Wallace returned from their motor trip to the east coast and had all their family and grandchildren home for Thanksgiving.

Mrs. Elsie Bursey entertained on the holiday weekend, her friends from Toronto, Miss Ella Forsyth, Greta and Walter Stewart, also Al and Lil Rawlins and Len and Doreen Stinson. A lovely turkey dinner with all the trimmings, along with happy fellowship made a happy occasion.

Last Sunday, Mr. Michael Johnson preached the sermon at Zion United and all reports are most favourable. Michael lived in this area while attending school, he travelled some and then went into a Theology College, so it is always nice to hear how these young folks turn out.

Mrs. Wilkinson and Mrs. Taylor have gone on a jaunt to Toronto and thence to Montreal to visit with relatives for just a day or so.

Glad to say that Mrs. Irma Bock was able to return home on Saturday after surgery in Womens' College Hospital, Toronto. We hope she will take it easy and soon feel well again.

Nice to see Gordon Harrison up and out again after his bout in Lindsay Hospital.

Mr. and Mrs. Jack Stirling of Toronto were guests of Mrs. Laura Mole recently. Jack is recovering from a severe stroke and is walking quite well and driving again. Keep up the good work!

Mr. William Gartshore spent a week in London helping his nephew with some roof repairs. He certainly keeps himself busy in his retirement.

90th Birthday

Mrs. Rizpah Elstone shows plaques she has received

from government officials in honour of her 90th birthday.

On September 25th, Mrs. Rizpah Elstone celebrated her 90th birthday with 50 of her family sitting down to a delicious dinner served by the Anglican Church Women from Haliburton, at the home of her son and daughter-in-law, Harold and Frances Elstone, on Soyers Lake. It is here where Mrs. Elstone was born and lived with her parents Mr. and Mrs. Joseph Dummitt until she married Edward Elstone and they moved to their home on Kashagawigamog Lake, known at that time as the Carson Place. They lived there for about five years, then moved to Haliburton and after about three years moved with their two sons, Clifford and Harry, back to Soyers Lake. There they purchased the home of her parents, where she has lived since. It was here that their four other children were born, George,

Isabella, Marvis and Harold. Grandma Elstone, as she is known to many, also has 17 grandchildren and 24 great-grandchildren.

Many of these came on this happy occasion from Toronto, Lakefield, Oxford Station, Oshawa, Brooklin, Dorset and Haliburton. Also on hand was her sister-in-law, Mrs. Pearl Elstone, from Hyland Crest Home in Minden.

During the course of the celebration Mrs. Elstone received plaques from the provincial and federal governments along with letters from a number of members of Parliament. Telegrams were received from relatives and friends from as far away as British Columbia and England, plus several other areas, as well as numerous letters and cards of congratulations, along with various gifts and flowers.

Minden Dogs head for Haliburton

Minden dogs will be welcome at the Dysart Pound. This was the decision of Dysart Council Monday following a request from Anson, Hindon and Minden that it be permitted to use the Dysart Pound rather than go to the expense, estimated at some \$3,000, for construc-

tion of its own pound. Of course, Minden said the magic words when it offered to compensate Dysart for its use of the Pound facilities and the two municipalities are now planning on sitting down together and working out the cost to Minden.

Oops!

A red-faced Minden council moved quickly last Wednesday after it learned that in its haste to get started with the emergency Bailey Bridge across the Gull River it had neglected to obtain authorization from the Ministry of Natural Resources. The dumping of fill along the edge of the river during construction of the approaches to the bridge

must have Ministry sanction. Informed of the omission by Natural Resources representative Bill Hitchison at a brief coffee break during last week's Minden council meeting, the municipality immediately applied for the necessary authorization so that work on the project could continue without interruption.

Parry Sound Womens' Institute recipe

The following recipe was submitted by Helen Cox who received it from a member of the Parry Sound Women's Institute. Our local W.I. ladies remarked how good this particular dessert was when they travelled to Parry Sound a couple of weeks ago on their annual bus trip. So Helen asked for and received the recipe and decided to put it in the paper for the benefit of all would-be cooks.

CRACKED ICE or CATHEDRAL WINDOWS

Ingredients

2 1/4 cups graham crumbs
1/2 cup soft or melted butter
1/2 cup brown sugar

From the above mix a pie crust and put it in a 9 x 13 pan. Keep 1/2 cup of this mixture for topping. Dissolve 1 package (3 oz.) each of orange, lime and red jello powder in 1 1/2 cups of boiling water. Put in 3 pans and chill until firm (overnight). Cut in 1/2" cubes and sprinkle over graham crumbs. Dissolve 1 envelope gelatin in 1 1/2 cups of hot pineapple juice and cool. Whip 1 1/2 cup whipping cream, add 1/2 cup white sugar and 1/2 teaspoon vanilla. Blend into the pineapple juice, pour it over the jello cubes and sprinkle with graham crumbs. Chill it and cut it into squares. Serves 20.

About the Town

with Jeanne Sears

Read in a Toronto paper that a family shared their treat of mushrooms with their cat. Later the cat appeared to have convulsions so the family rushed to have their stomachs pumped out. On their return home pussies' surprise - five kittens on the sofa !!

Mrs. C. Yearwood is home again after a holiday in British Columbia visiting her son, Lawrence and other relatives. Resolve to be tender with the young, compassionate with the aged, sympathetic with the striving and tolerant with the weak and the wrong. Sometime in life you will have been all of these.

Dandy Lion.

Mrs. Verna Jarvis spent Thanksgiving weekend with her sister, Helen Brown of Hall's Lake.

A Public Meeting will be held at the Council Chambers, October 27th at 8 p.m. regarding a New Library for Minden. This meeting is being called to get the opinion of people regarding this Museum-Library to be obtained through funds raised and matching grants for the cost. So FOR or AGAINST, come out and state your views.

Mrs. Ben Harrison and Mrs. Bill Moore spent a few days last week with the Alan Brydsons of Bracebridge.

At the Mini Card Party at the Parish Hall last Thursday afternoon, winners for bridge - Doris Craig, for cribbage - Joyce Hewitt and Lillian Davidson and for euchre high and low hands - Della Griffin and Vera Fuller.

Congratulations to Mr. and Mrs. Thomas Newell who celebrated their 66th wedding anniversary over the weekend.

The Bailey Bridge over our river is reaching completion, but if the other bridge becomes closed, pedestrians will still be able to cross.

Mr. and Mrs. Ron Welch, Shari and Heather of Frankfort spent Thanksgiving weekend with his mother, Mrs. Harry Welch.

Empty chairs and vacant places
Soon will fill with other faces;
New will come where old have gone,
Eternal change goes on and on.

Harold Brigham.

Another lucky lady at Rotary Bingo last Thursday night, Mrs. Cleve Stamp won the second snowball of \$176 in 21 numbers called. Congratulations, Shirley !!

All their friends send good wishes to Master Robbie Ackersblade at St. Joseph's Hospital, Peterborough and to Joe Warburton at St. Joseph's Hospital, Toronto.

The Figure Skating Club are having a Hallowe'en Dance at the Recreation Centre, Oct. 30 from 9 - 1 with prizes, spot dances, etc. so have some fun in your special costume.

Mr. and Mrs. L. Bromley (Audrey Pipher) of Hamilton spent a few days with Mrs. Wm. Cox and other friends.

Congratulations of the community go to Irma and Goldie Walker on their 25 Wedding Anniversary on October 20th.

Mr. and Mrs. Alvin Taylor and family of Stroud spent the weekend with Mr. and Mrs. Ron Burke and family.

Don't forget the hint of using white wine vinegar in cleaning your windows.

Weekend guest with Mr. and Mrs. Taylor Kernohan was Mrs. June Pollitt of Peterborough.

If you like an evening of cards. The L.O.B.A. card party will be at the Orange Hall, October 25th at 8 p.m. with everybody welcome.

I'll hold my candle high and then
Perhaps I'll see the hearts of men
Above the sordidness of life,
Beyond misunderstandings, strife.
Though many deeds that other do
Seem foolish, rash and sinful too,
Just who am I to criticize
What I perceive with my dull eyes?
I'll hold my candle high, and then
Perhaps I'll see the hearts of men.

Anon.

Now most of our colour has gone as the leaves come down, but hunters are out for partridge. Anyway take care. Cheerio until next time.

Comments from Kinmount

By Fran Crawford

I see Sam Telford is out again getting fertilizer on the town flower gardens - ready for spring!

The Kinmount Brownie Pack No.1 is selling 1977 calendars. They're only 75 cents, so rally up Kinmount!

The St. James A.C.W. Fowl Dinner, which the Legion Ladies Auxiliary catered to in the Legion Hall, on Saturday from 4:30 to 7:00 was a great success with almost 300 guests.

Susan Crawford is in Peterborough Civic Hospital having minor surgery on her sinuses.

This week, we have a new addition to our household, thanks to Gerry Crego. Two weeks ago he found a small collie pup that had been left at the dump - taped and tied in a box. Cruelty to animals is a criminal offence and can lead to imprisonment. It's too bad there isn't some way of finding and stopping this type of person !!!!

LEGION 441

Comrades Irene Gardiner, Thelma Crego, Dagmar Simpson, Kay Allen and Gertie McKay, travelled to Acton

on the 6th of October to attend the funeral of Mrs. Hazel Gripps, a member of the Royal Canadian Legion. Hazel was well known in our district and will be missed by her many friends. Our heartfelt sympathy goes out to Mr. Henry Cripps and family.

There was a Ladies Auxiliary meeting last Wednesday evening but attendance was not very good. Come on ladies! Let's see many more of you out next month. The men had their monthly general meeting on Friday night.

There will be no more bingo until April. 'I called the numbers at the last bingo two weeks ago and got rid of all their money!'

On Saturday night we had a 'Hard Tyme' dance and buffet lunch, which was well attended; with a disc jockey People from Haliburton, Minden, Lindsay and Bobcaygeon and Peterborough turned out, as did the 'Woods' family of Fenelon Falls Ambulance service. A good time was had by all!

Saturday's 50 - 50 draw winner, Laureen McCracken of Minden, won \$59.00. Congratulations !!

Education grants up for 1977

Education grants to Ontario school boards will increase approximately 10% next year, Education Minister Thomas Wells said last week. Mr. Wells said that the amount eligible for grant at the elementary level for 1977 will be \$1,197 per pupil, an increase of 10.8% over this year. The amount at the secondary level will be \$1,712 per pupil, a 10% increase over this year.

The Ministry, Mr. Wells said, will continue a special grant to assist school boards in metric conversion programs and will also continue a special grant of \$500,000 toward community school development programs. Mr. Wells said the increases will mean that the province will pay a total of 1.88 billion dollars in grants to school boards next year, an increase of \$165 million more than this year.

PineStone Officially Opens

Last weekend Haliburton County's latest addition to the finest in tourist accommodation, PineStone Inn, formally opened its doors with a two-pronged back-to-back effort that saw Industry and Tourism Minister Claude Bennett officially open the Inn on Friday, followed by the press of Ontario on Sunday. Some 150 or more radio, television and news-

paper representatives thronged to PineStone for an afternoon of golf, tennis and swimming followed by a reception and dinner. Features of this motel-golf complex on Highway 121 (top photo) include a delightful bar and lounge (center-left) located just off the dining room, plus tennis courts, a steam room and this swimming pool and patio

deck (centre-right). An attractive feature of the new inn is its outstanding decor featuring, amongst other things, this lovely mural (lower-left). Here, (lower-right) innkeeper Art Ward (left) welcomes Industry and Tourism Minister Claude Bennett, who planted a tree to open the Inn.

TENDERS

PROVISIONAL COUNTY OF HALIBURTON
ROADS DEPARTMENT

Tenders are being called for the electrical work and heating system for a new County garage to be located near Ingoldsby in Minden Township.

Tender forms are available from the Roads Dept. office in Minden.

Closing date is November 12, 1976 at 2:00 p.m. The lowest or any tender not necessarily accepted.

W.E.Obbe, P. Eng.
County Engineer.

Seek site for derelict vehicles

Minden council is looking for a temporary dumping ground for derelict vehicles now marring the municipality's scenic beauty.

This was the decision of council last week when it learned that the Province's 2½ year old derelict motor vehicle program had now

been broadened to include this area.

Council decided to press ahead quickly in seeking a site, probably in the area of Bobcaygeon Road, but away from any built-up areas after a memorandum arrived from the Ministry of the Environment indicating

that the program's pilot projects were now complete and that Minden is eligible.

All costs of the derelict motor vehicle program are borne by the province.

The temporary dumping site will be used as a gathering point for derelict vehicles pending their sale for scrap.

SPORTS

Cliff Burke

Countdown to 76-77 hockey season

Y.B.C. in Ontario Winter Games

Y.B.C. holds first tournament

Twelve days and counting. Yes, folks, that's when the Minden Bantams will take to the ice at the Minden Community Centre against the Oakwood Bantams, Saturday, October 30th to be exact.

Minden Minor Hockey President, Ross Warburton, spent all day in Fenelon Falls on Sunday, setting up schedules and getting the Minden boys in the southern hockey schedule. This season the novice age players will be playing Haliburton and possibly Wilberforce. Atom A and B, Pee wee A and B, Midget A and B and Bantam A and B will all play 22 games. Their opposition, one game home and home will be Haliburton, Cannington, Fenelon Falls, Little Britain, Sunderland, Ops, Beaverton, Bobcaygeon, Oakwood and Omeme. The Bantams will play Woodville. The Juveniles will play in a eight team league but the teams are not yet known. The ice will be put in at the

arena on Tuesday and the first practice times are as follows:

SATURDAY, OCTOBER 23

All Novice age players - 11.30
All Atom age players - 12.30
All Pee wee age players - 1.30
All Bantam age players - 2.30
All Mid-Juv. age players - 3.30

Final registration will also be taken on Saturday.

It looks like a great year of hockey competition ahead. Many of the players and parents over the years have complained that there is not enough variety in the hockey schedules. Well, that's not going to be the case this year. With 12 team leagues rather than four, the boys will really get some strong opposition. A full slate of hockey schedules will be found on these sport pages next week. So get a pair of sharp scissors and cut out these schedules, put them in your wallet and come on out to the Community Centre and cheer on your favourite team.

The Youth Bowling Council (Y.B.C.) will also be in the Ontario Winter Games this year.

To be eligible, all youth bowlers of the five-pin division must be registered with the YBC by Oct. 31, 1976, providing they are Canadian citizens or hold legal landed immigrant

papers and are residents of

the Province of Ontario.

Entry deadline for the games is midnight, Sunday, Oct. 31st. Entry fee is \$2.00 each or \$12.00 for a full contingent.

What is a contingent, you say? Well, that's two girls and two boys from each of the three YBC divisions, bantams, juniors and seniors. The house round must be rolled before October 31st. The house round roll-off

will take place at Carnarvon

Lanes on Saturday, Oct. 30

at 11 a.m.. All YBC bowlers are urged to be in attendance on the 30th.

The top two bowlers in each division will then advance to the Zone Finals on Sunday, November 21, 1976. The site of the Zone roll-offs hasn't been decided as of this writing.

All rounds, house, zone, regionals and the winter games themselves will be three (3) games.

The first tournament of the young season in the Youth Bowling Council at Carnarvon Lanes, proved to be a great success, as 16 of 18 bowlers came away winners of crests.

The 'I Beat My Coach' tournament is always a favourite with the YBC bowlers and they all came out fired up on Saturday.

The following youngsters will receive their crest this Saturday, providing the mail will co-operate: Bantams - Cindy Brown, Jeff Stamp, Dale Allison and Scott Yake Juniors - Darlene Allison, Kim Griffin, Scott Arbuthnot, Ronnie Yake, Linda Booth, Ann Everall, Anita McKinley, John Fountain, Sean Harrison and Mike Hatkoski. Seniors - Diane Cowan and Les Booth.

Lee-anne Barker and Leigh-Anne McKinley, two first year bantam bowlers failed this year in their bid for a crest but the way they are improving each week, they will have very little trouble winning next year. Congratulations bowlers and now you can get ready for a 'Special Events' tournament this Saturday.

Martin tops in U.C.L.

Lil Martin is off to a fine start this year in the United Church Mixed League, leading in all three individual categories. Lil presently holds a 198 average, 294 single and 662 triple.

The Verna Wagg team has top spot in the League Standings by the slimmest of margins, half a point, over Helen Cox, 20 to 19½. Another point back in third spot is Maude Coulter with 18½, followed by Marie Reynolds and Gladys Wruth with 18 and Bessie Burk trails the field with 11.

Bill Bennett is the top bowler among the men in the U.C.L. with a single of 256 and a 186 average. Harold Sawyer owns the top triple of 644.

figure increased to 900 in the 1976 event.

To date twenty persons have joined the H.H.C.C.S.C. However, it is expected the Club will be much bigger by the time the snow flies.

Dr. Hartwick will be the Club's Head instructor in the art of cross-country skiing. He said that the Club has an instructional weekend planned for the near future which will utilize films and which will be advertised in area newspapers.

Wes Stata rolls 810 triple

Wes Stata led his Minden Progress teammates to a commanding nine point lead atop the Commercial Men's league standings last Wednesday evening with a fine 810 triple which featured a 344 single. Both scores are league high in this young 76-77 season.

The standings after five weeks of play are: Minden Progress - 87, Rockcliffe Hotel - 78, Ingoldsby - 77, Cox's Colts - 70 and Minden Billiards - 63.

Gord Everall continues to lead all bowlers with high average of 235.

Peterboro Lumber tops Mixed #2

The Tuesday Night Commercial Mixed No. 2 bowling league has a new team this season and it is flying high atop the standings after five weeks of competition. Peterborough Lumber presently holds a three point lead over Gord's Blockbusters with 15 and 12 points respectively.

Another point further back and tied for third are Kushog Lake Marine and Martin's Builders with 11 points. In fifth place is Kushog Killers with 10 and sixth is the team from Udon Salvage with 4 points.

The Peterborough squad is lead by Master Bowling Teacher Ron Robinson Sr., his two daughters, Marnie and Dorothy as well as Morris McLaughlin, Dave and Wayne Sawyer.

The high averages in the league belong to Gord Everall with 245 and Lil Martin with 192. The high singles are owned by Gord with 342 and Lil with 259, while the triple honours also go to Gord at 808 and Lil with 671.

Dr. Blair Pierce (left) and Dr. Karl Hartwick hold a map of the proposed Cross Country Ski Trail planned for Glebe Centennial Park. The trail is seen in the rectangle

on the left-hand side of the poster. Also held by Dr. Hartwick is the sign which will mark the trail this winter for cross-country skiers.

5-mile ski trail for Glebe Park

Dysart et al Council Monday gave its blessing to a proposal by the Haliburton Highlands Cross Country Ski Club (H.H.C.C.S.C.) for a groomed ski trail in Haliburton's Glebe Centennial Park.

Council agreed that a brief submitted by two of the newly-formed club executive, Dr. Blair Pierce, president and Dr. Karl Hartwick, Trail Director was sound, than passed a resolution authorizing the club to go ahead with their proposed Trail at Glebe Park.

The Park Trail will be between 5 and 6 miles long and have a width of approx. four feet.

Dr. Hartwick told Council that the sport of Cross

Country Skiing is booming everywhere mainly because of the small amount of money it takes to get started in it.

The Trail will be available not only to local skiers but also to tourists at no charge. Dr. Hartwick went on to say that the age group most interested in cross-country skiing is the twenties and thirties while downhill skiers begin in their pre-teens.

The Club is also planning a ski race during the winter carnival weekend, similar to a race staged in Muskoka when they formed their first Cross Country Ski Club there in 1971. Some ninety persons took part. Dr. Hartwick told Council that this

Gridders relax

The Port Carling football team which lost recently to a Toronto area team in Port Carling's annual 'Turkey

Bowl'. Front row (l-r): Fred Vander Jagt, Pete McMullen, Scott Young, and Paul Thompson and George Mor-

row. Second row (l-r): Paul Young, Scott Butler, John Pentney, Ralph McMullen, Scott Harvey and Lawrence

Swann. Back row (l-r): Harold McMullen and Allan Veitch. Missing from this photo is Dwight Thomas.

Locals shine for Port Carling

A spunky, determined bid by a local football team fell short of the mark last Sunday as a visiting Toronto team scored a 60 - 30 victory over their hosts, Port Carling.

The game, which was played in strong winds and bone-chilling temperatures is an annual event held every Thanksgiving weekend in the town of Port Carling and is known to the local people as the 'Turkey Bowl'.

This year three Minden men played for the host club and contributed largely to Port Carling's qualified success.

Scott Harvey and Ace Pentney, scoring 2 touchdowns each, supplied 80% of the Port's total points, while in the defensive backfield Dwight Thomas picked off 3 passes of a total six interceptions by his team.

The hosts got off to a shaky

start allowing Toronto to go ahead 30 - 6 at half-time.

In the first half the Port's pass receivers played erratically dropping numerous good passes, while their defence collapsed under a torrid Toronto passing game. In contrast the visitors showed great experience and finesse.

However, Port Carling's offence came to life in the second half and accounted for 4 touchdowns - two each by Pentney and Harvey.

Their defence employed a more suitable zone coverage enabling them to pick off their game total, 6 interceptions - 3 of which were long bombs intercepted by Thomas.

In any event, it was a case of 'too little - too late' as Toronto outscored their hosts 30 - 24 for an overall game advantage of 30 points.

Todd, Piper to receive awards

At the end of each season, the Ontario Bowlers Congress awards trophies for the highest Single and Triple Score bowled by our members in our Five Pin Average Classifications. The results have been tabulated from the reports sent in by the Records Scores Chairman in your local association (Cliff Burke in the 1000 Lakes Bowlers Association) and represents over 30,000 bowlers.

For the 1000 Lakes Bowlers two people will receive trophies at the Semi-Annual meeting on November 14th in Toronto. Joe Todd of Fenelon Falls rolled the highest single game in the Province for Class 3 men, 440 and Eva Piper of Carnarvon Lanes rolled the highest Class 2 triple, 798. Congratulations Joe and Eva and I hope you will be able to make the Semi-Annual meeting and pick up your awards.

Here is just another reason why we of 1000 Lakes wish every bowler to enter the Ontario Bowlers Congress. Here are two people who have won beautiful awards from the O.B.C. just by spending a paltry \$2.00 for their membership card. And, I'm willing to bet that both these fine bowlers said they weren't good enough bowlers when they were first asked to join the O.B.C. last year.

Here is a complete list of award winners for all five classes in both the men's and women's division:

LADIES	
Class 1	
Single- Y. Patterson, YorkSimcoe	363
Triple- L. Collins, London	749
Class 2	
Single- L. Kahl, Conestoga	378
Triple- Eva Piper, 1000 Lakes	798

Cec Robinson in 1st

The Ingoldsby league is now entering its third week of play and after six games played, Cec Robinson's team holds first with 12 pts. Just three back in second sits Murray Everson with 9, followed by Earl Schellenberg with 7, Wally Crofts and Harry Henderson with 5 and Gord Darby with 4.

Harry Henderson holds the high average and triples in the league with 222 and 743 respectively. Gord Darby has the top single with 281. The women are led by Mima Burwood with a league leading average of 198, and Arlene Robinson with a 301 single and 719 triple.

Gord Everall posts 418

It must pay to be a proprietor of a Bowling Alley. Gord Everall, proprietor of Carnarvon Lanes, decided to throw a few games on Sunday with some open bowlers that arrived in the afternoon.

Gord started his eventual 925 triple off with a 418, missing a perfect game, when he left a corner pin standing in the tenth. He finished his triple off with 280 and 227 singles.

Gord has been rolling twelve to fifteen games a week over the last couple of months and appears to have a great chance of making the Carling Open team this year in the 1000 Lakes Bowlers Association.

Skiers package

First local retailer to get in on the ground floor with support for the growing contingent of cross-country skiers in Haliburton County was Craig Stamp of Sportown in Haliburton Village with a special cross-country ski package. Craig, who opened Sportown just under a year ago, followed Dysart Council's okay Monday of a Glebe Park ski trail with an all-in-one outfit of skis, bindings, poles and boots. And while we don't as a rule mention prices, this seemed so good we just have to tell. The whole bundle comes for

just \$79. Well known throughout the county, Craig is an outstanding ball player ranking as one of the finest pitchers this side of the big leagues in Toronto. Currently assistant coach and fitness instructor for the Haliburton Huskies, he is presently setting up a coaches' clinic in Haliburton which all minor hockey coaches and managers are urged to attend. Meanwhile Sportown, with its special ski package, plus its wide variety of quality sporting goods deserves a look.

A seven-inch North African ostrich egg takes 40 minutes to boil!

with
The Highland Snowmobiler
and Roy Bates

Winning the 1st round: The Haliburton County Snowmobile Association is pleased to extend its thanks to all who supported our fight to retain the Whitney Trail. Your attendance at the open forum in Haliburton, September 27th, has shown the people who would take this privilege from us that we a County united in purpose.

At a later meeting with Park Superintendent Simpson and other Ministry officials, the H.C.S.A. accepted, on behalf of the County, a proposal to recommend a full study of the issue by the Ontario Parks Advisory Council who will, in due time, set up a public hearing at which the many interested organizations and individuals will have opportunity to be heard. We expect the study will take a little time, perhaps several years. Meanwhile, the trail remains open to our use.

Our next move will be to assure that the Advisory Council gets all the pertinent data from our side of the issue. The studies made in other parks and national forests, particularly in the U.S.A., provide much indisputable evidence that snowmobiles are not harmful in such areas. Snowmobiles have been greatly improved since the Park policy was written in 1968 and 1969. Noise levels have been reduced drastically, and still going down. The trend to better trails has moved snowmobile operation away from the residential areas thus removing the nuisance factor, and better snowmobile education has increased the operator's awareness of environmental and ecological concerns.

A measure of the way snowmobiles and snowmobilers have been accepted in the community can be taken from the files of community newspapers of the past six or seven years. Remember the Letters to the Editor in those early days? Every week of the snowmobiling season brought to light another severe criticism of the sport. Much of the criticism was unwarranted, stemming from the subconscious instinct to protect the status quo - the 'if you can't join 'em, fight 'em' syndrome - but there were, occasionally legitimate beefs. I cannot recall a single letter, critical of snowmobiles, in any County newspaper in the last year. This is because the beefs were met and the problems corrected, unwarranted criticism was countered with factual statements, and gradually the editorial policies of newspapers swung to the support of snowmobile clubs and other snowmobiler organizations.

This complete reversal of attitude was most evident when the entire county came to the aid of the Haliburton County Snowmobile Association in the Whitney Trail issue. The past few weeks will go down in history as the most eventful period in the life of the association. We have won the first round, and we have won the universal support of an entire county. We can only go forward from here.

Along Stanhope seeks The dump site Trails

Stanhope Council last Wednesday heard a report by Councillor John Tomlinson on the possibilities of finding a dump site for the Township.

Mr. Tomlinson said he and By-law Officer Jim Moore, spent the previous week looking for dump sites and found two possible alternatives.

The first is located on the Leslie Frost Centre grounds. Councillor Tomlinson told the council that he and Mr. Moore will be talking to the

people at the Frost Centre later this week.

Mr. Tomlinson also mentioned the possibility of obtaining 'Dump Bins' from the Township of Georgian Bay. He informed Council that this Township was going to a daily garbage pick-up and that there was a chance they might be able to buy the bins for Stanhope.

Council advised Mr. Tomlinson to look into the matter and report his progress at the next Council meeting.

Move office to Haliburton asks Dysart

The Ministry of Natural Resources will be asked to move their lands section from Minden back to Haliburton.

The move by Dysart council came during Monday's council meeting and followed the closing of the lands office at Haliburton.

'We cannot understand why such a situation is allowed

to exist', said council's motion. 'The lands section could well function from this location', it said and termed the proposed move 'natural and responsible'.

Currently the lands section personnel are housed in a trailer at Minden, the motion pointed out.

Wintario should buy locally

Sports equipment purchased through Wintario grants should be bought in the municipality receiving the grant.

This was a recent resolution by the Municipality of Markham wholeheartedly endorsed by Dysart council Monday.

The resolution had been forwarded to municipalities throughout Ontario as Markham sought support for its stand.

It asked that Wintario funds earmarked for the purchase of sports equipment should not be spent with a supplier outside the municipality receiving the grant but within the municipality. Often sports equipment forwarded by Wintario has not been as ordered with either entirely different equipment or wrong sizes sent instead.

Back to basics for grade 9,10

Education Minister Thomas Wells last week announced an expanded core curriculum for Ontario secondary school students.

Starting next September, grade 9 and 10 students will be required to take two credits in English, two in mathematics, two in Canadian history and/or geography, and one credit in science. The new core, coupled with the existing requirements for two additional credits in English for senior students, means that the basic core curriculum will consist of nine mandatory courses, one third of the minimum credit requirements for the secondary school graduation diploma. Mr. Wells said that the emphasis was being placed on the grade 9 and 10 level because 'we believe that students in the first two years of secondary school need a greater degree of direction and guidance than students

in the senior years.'

'We believe that these required courses represent essential disciplines which all students must experience if they are to graduate from an Ontario secondary school.'

'I believe that in some respects the pendulum of change in education all across North America swung a little too far during the 1960's. Today, in mandating a basic core of required subjects, we are easing the pendulum back to a more balanced position that will be to the advantage of the vast majority of students.' Mathematics and science guidelines will also be revised to give teachers and others involved in curriculum planning more direction and more practical assistance.

Board of Education Report

by Lloyd Johnson

A recommendation from Brian Mosgrove (Principal, HHSS) to the Director of Education that the history and geography departments at the Secondary School be separated, was discussed by the Board of Education in Committee-of-the-Whole.

The Board concurred with the recommendation, particularly in view of the fact that more emphasis is being placed on Canadian content in the program and this will require considerable time being spent on the development of future courses. Mr. Carl Wallace was appointed head of the geography department, and Mr. Dale Robinson, Vice-principal will continue as head of history. The Board also recommended Mr. Robin Lerpiniere as a candidate

for a teaching assignment with the Armed Forces (overseas) Dependents' School, provided that suitable arrangements can be made for his return to the Haliburton County Board following his 2 year assignment.

In his report to the Board, the Director of Education mentioned the recent changes in emphasis by the Ministry in the Secondary School curriculum. It was noted that a 'core' program has always been in effect at the Haliburton Secondary School - so that the trend now is toward a program similar to that given here. Statistical reports on the 1976 enrolment were given to the Board as shown below:

HALIBURTON COUNTY BOARD OF EDUCATION

Ministry asked to add townships to Minden district

The administration of Ministry of Natural Resources affairs in Haliburton County's northern townships of Bruton, Eyre and Clyde should be handled by its Minden District and not Algonquin, according to Dysart council. In a motion Monday, council made this suggestion and said it felt this would 'increase local employment' and termed it 'a natural addition since access to these townships is through Minden District'.

o u t d o o r s

Cree Goose Camps Beckon Sportsmen

Fast, fly-in trips to the Arctic - one man flew up after work recently - seems to be the thing to do these days, a directional switch from the usual Florida vacation.

But it's no novelty to some 700 sportsmen who head north regularly each fall. They are drawn to the province's remote hinterland on the James and Hudson Bay lowlands by the challenge of three-day goose hunts that run annually from about mid-September to early or mid-October.

Of course, first-time sportsmen to the area are captivated, but even the 'veterans' never stop being thrilled by this famed 'Land of the Cree' where Indians act as guides while passing on their vast knowledge of wood lore and goose-calling techniques, luring such species as Canada, snow and blue geese as well as a variety of ducks within range.

Goose-calling is a technique passed down from generation to generation and involves special use of the vocal cords that only the Indians can master. A guide will actually 'talk' the geese down from the sky to fool even the wisest old bird in the flock.

The six goose camps - Fort Severn, Winisk, Attawapiskat, Kapiskau, Kashechewan and Tidewater - are operated by the Crees with assistance from the Ministry of Natural Resources.

The camps opened during the 1960's under a federal-provincial agreement as a source of income for Indian Bands along the Hudson-James Bay coast. The ultimate goal was that the camps would finally achieve full independence after a suitable period of 'business training and guidance from the Ministry.

This was achieved in July by Tidewater Goose Camp which was transferred to James Rickard, camp manager since its establishment in 1970.

In a joint announcement by Natural Resources Minister Leo Bernier and Rene Brunelle, Chairman of the Cabinet reporting the change in ownership, Mr. Brunelle said that last year the number of guests increased to 124 from 30 in 1970 and it is expected the camp capacity of 144 will be reached this year.

All of the camps are operated on the American plan and offer air transportation to and from the camps, a three-day hunt, guides, meals and comfortable accommodation.

Wives and daughters of the guides look after the plucking, drawing and packaging of the hunters' daily bag, keeping it on ice ready for departure time.

In fact, the total bag taken last year was more than 6,600 geese and over 2,260 ducks. Thirteen ptarmigan and two sharptailed grouse were added benefits at the Winisk camp. Booking agents in southern Ontario handle transportation arrangements for guests to and from the camps via aircraft out of Timmins and Moosonee.

Booking should be made early because of the growing popularity of the camps and what they have to offer. Further information may be obtained by writing to: Cree Goose Camps, P.O. Box 190, Moosonee, Ontario. P0L 1Y0.

The top photo shows a typical Cree Indian Goose Hunting Camp around the James Bay area. The bottom photo shows Jack Snell, of Minden with his fine catch of Snows, Canada's and Blues at a recent visit to this Camp.

Jack was accompanied by Mike Jackson, also of Minden, who too brought home his limit of 20 geese.

Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

All this was accomplished with a healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Preparation H

FOR SALE BY TENDER
One Unlicensed 1965 GMC 5. Ton Cab/Chassis & Dump. Can be seen at the Municipal Garage in Dorset from 9 a.m. to 5 p.m. Reserved bid on file. Closing date: noon, October 18, 1976. Mark Envelopes "TRUCK TENDER" and address to Mrs. Diane J. Griffin, Clerk-Treasurer, Box 99, Dorset, Ontario.

CARD OF THANKS

While I was a patient in Civic Hospital, I appreciated visits by the Clergy, peoples' prayers, phone calls, cards, flowers, fruit, also transportation. Especially would I like to extend sincere thanks to my surgeon, Dr. Mewett. The nurses were most kind. Thanks.

Sincerely,
Mac McCarey.
